NOTICE OF PROPOSED RULE MAKING

Adopted: February 20, 1996;

Released: March 4, 1996

Comment Date: April 25, 1996

Reply Comment Date: May 10, 1996

By the Chief, Allocations Branch:

1. The Commission has before it the petition for rule making filed by James E. Lamonica ("petitioner"), proposing the allotment of Channel 249A at Pullman, Washington, as the community's third local commercial FM transmission service. Petitioner states his intention to apply for the channel, if allotted.¹

2. We believe the public interest would be served by proposing the allotment of Channel 249A at Pullman, Washington, since an interest has been expressed in providing the community with an additional local FM transmission service. An engineering analysis has determined that Channel 249A can be allotted to Pullman in compliance with the Commission's minimum distance separation requirements with a site restriction of 8.8 kilometers (5.5 miles) east to avoid a short-spacing to the construction permit site of Station WLKY(FM), Channel 250C1, Milton-Freewater, Oregon.² Since Pullman is located within 320 kilometers (200 miles) of the U.S.-Canadian border, concurrence by the Canadian government has been requested.

3. Accordingly, we seek comments on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the community listed below, to read as follows:

4. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

5. Interested parties may file comments on or before April 25, 1996, and reply comments on or before May 10, 1996, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

6. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. *See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules*, 46 FR 11549, February 9, 1981.

For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no *ex parte* presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An *ex parte* presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an *ex parte* presentation and shall not be considered in the

¹ Although the petitioner's request was signed, he failed to include an affidavit verifying that the statements contained in the petition were accurate to the best of his knowledge. Section 1.52 of the Commission's Rules requires that the original of any document filed with the Commission by a party not represented by counsel be signed and verified by the party and his/her address stated. In the absence of such verification, the petition may be dismissed. Section 1.401(b) of the Commission's Rules concerning rule making proceedings places petitioners on notice

that their proposal must conform with the requirements of Section 1.52 regarding subscription and verification. *See also Amendment of Sections 1.420 and 73.3584 of the Commission's Rules Concerning Abuses of the Commission's Processes*, 5 FCC Rcd 3911, 3919 n.41 (1990).
